Dear Mr. Darby,

Your Excellent Staff, Ditchling Road, Brighton 4/4/14

Your colleagues were working at the bottom of Ditchling Road in Brighton last Friday, at a very busy junction and with lots of people on foot, in and out of buses and in vehicles all around.

I wanted to say that I was really very impressed by the care and attention of your staff as they negotiated their way carefully through this melee. In particular, there was an older gentleman who was clearly in charge and giving helpful instruction to others. This was all very considerate and all well done.

Thanks for looking after us.

Yours sincerely

Simon Hickmott
